Sponsor invitation to Graphene Week 13-17 June 2016, Warsaw, Poland

Dear Sir/Madam,

As the chairman of the Graphene Week Conference 2016 it is my great pleasure to invite your company to sponsor Graphene Flagships' international event. The Graphene Week is Graphene Flagship's annual conference, globally recognized as the leading conference devoted to the topic of graphene, attracting 500-800 leading international researchers. It is commissioned by the Graphene Flagship and funded by the European Commission.

The 2016 conference will be held in Warsaw on 13-17 June 2016 and is hosted by the Institute of Electronic Materials Technology and the University of Warsaw under the patronage of the Marshal of the Mazowieckie Voivodship, the Mayor of Warsaw and the National Centre for Research and Development (NCBR).

The conference's main scientific and technological objectives are to develop material technologies for ICT and beyond, identify new device concepts enabled by graphene and other layered materials, and integrate them to systems that provide new functionalities as well as open up for new application areas. Operative targets to bring together a large core consortium of European academic and industrial partners and to create a highly effective technology transfer, allowing industry to rapidly absorb and exploit new discoveries.

As our sponsors form a very important part of the conference we will work closely together with you to ensure strong visibility. Do not miss the chance to become part of this prestigious conference and highlight your company by one or more of our diverse options for sponsorship. The main reasons to become a sponsor is to position your organisation as an innovator and a leader, drive brand awareness, extend your network and become part of the latest research and discussions about graphene.

Graphene Week 2015 was a huge success. In 2016, the expectations are equally high with major dissemination in the digital media and scientific network. We are open to discuss any other ideas and sponsorship opportunities with you. We hope that you will consider supporting the conference and we are looking forward to seeing you in Warsaw.

Express your interest in sponsoring Graphene Week and please contact us at grapheneweek2016@mazurkas.pl

Yours faithfully,

Włodzimierz Strupiński
Conference Chair

SPONSORSHIP OPPORTUNITIES

Networking Opportunities

Option	Description	Indicative Price	Notes
Delegate Coffee Breaks	Signage with Sponsor logo displayed at coffee break stations during the selected day.	€1,000	Per day. Silver Sponsorship.
