

Student Grant Guidelines for [Graphene Week 2025](#)

Students attending [Graphene Week 2025](#) and submitting an abstract (as first or second authors) can apply for student grants from the Graphene Flagship. Please read the application requirements and follow the instructions below. Incomplete or ineligible applications will not be considered.

The student grant programme supports students' professional development in graphene research and helps grow the 2DM community. Eligible students may receive a **€300 discount on the delegate fee**. Only early-bird and normal registration applications will be considered for the student grant. There are **50 grants available** for students attending Graphene Week 2025.

Eligibility

To apply for a student grant, you must meet the following criteria:

- Be enrolled in a Bachelor's, Master's, or PhD program related to graphene or related materials.
- Be affiliated with a research institution or organization.
- Be proficient in English.

Application Requirements

- Submit an abstract that includes the author(s)' names and affiliations via the abstract form.
- Make sure your abstract aligns with the topics described in the call.
- Gender balance will be considered during the evaluation process.

Application Procedure

- When submitting your abstract for Graphene Week 2025, indicate your intention to apply for a student grant.
- Also, submit a letter confirming your student status.
- All application materials must be in English.
- The selection will be based on the abstract content, and 50 student grants are available.

Note: You can upload your student status certificate after submitting your abstract by logging into your personal page in the abstract submission system. The certificate must be uploaded by **June 10, 2025**. The discount applies to both early registration and normal registration.

Notification of Results

- Successful applicants will be notified by email.
- If you are awarded a grant, follow the registration instructions in the email to claim your discount.
- Complete your event registration and confirm your booking details.
